

Anglesea Pharmacy, Hamilton Re-merchandising Before and After

Anglesea Pharmacy is a key part of the Hamilton medical precinct situated in the heart of Hamilton and serving the greater Waikato region.

The pharmacy is now under the new ownership of Shawn Saw and his Auckland partners.

Adjacent to the Urgent Care Medical Centre the pharmacy has extended opening hours as well as ten consulting rooms incorporating a travel doctor clinic, acupuncture practitioner, sleep clinic, and naturopath.

The pharmacy leads the way as a comprehensive health hub and needed a refresh of the retail layout and planograms.
