

Sumner Pharmacy

New Shop Layout & Consulting Rooms

Background:

Sumner Pharmacy is located in the beachside Christchurch suburb and owner Dane Bell is growing his professional services since introducing [Travel Vaccination](#) services last year.

The growth opportunity to expand vaccinations and other pharmacist clinic services meant that it was time to remove the Post Shop franchise and utilise the Health NZ funding for 2 x new tele-health & consulting rooms.

The next step is to add new "Services Menu" signage to the shop interior and exterior.
